The Lady:

She is a very well known pornstar, cute looking, big tits and brazen Welsh bird, nice arse too.

The Story:

Got to be one of my best experiences ever, she is a total PSE, not to be missed.

She turned up and after a very brief chat wanted to get down to it. She asked what I liked and I said anal, deep throat, dirty sex.

The next two hours was mindblowing, I fucked her up the arse with her lying bent over the bed, anal cowgirl and with her on her back, that was the first pop.

Second was an amazing DTBJ which culminated in her lying on her back with her head rested over the edge of the bed and telling my to shove my dick right to the back of her throat. I am not bragging but most WGs I have seen always have a problem with A and DT but with her she took it right to the hilt.

The image of me in the mirror face fucking her over the bed was a sight to behold..

Would love to see her again, seems a right laugh when you chat to her too.
