### The Premises:

Typical S Ken flat; clean and tidy, I think she lives there.

### The Lady:

Pictures are accurate imho. I disagree with tribertuz (FR no 77183) although I agree that a mole on her left upper arm has been airbrushed out. She is attractive, without being stunningly beautiful. However her performance is much better than her looks.

### The Story:

She originates from Latvia and her English is adequate for normal conversation, but there are better uses for her mouth!! I agree with tribertuz, performance wise she is a great experience. She makes you feel wanted and is very friendly.

Sexually most things seem to be on offer (not sure about A).

She kisses delightfully and deeply. Oral is without; deep and sensuous all the way to completion; CIM is welcomed but she does not swallow. The best bit for me though is this girl's pussy. She has big pussy lips and is easily, and I think genuinely, aroused; becoming quite wet and swollen when stimulated. Her erect clit is easily the largest I have ever come across and is a turn on in itself. One reason I went back was to remind myself of this.

Sex in all positions is fantastic and accompanied by gentle moaning that I find a major turn on.

Would I go back? Well this was my second visit and I will certainly try to see her again.
