The Premises:

A well known flat not far from Edgware Road tube with several escorts living/working there. The flat is large and modern, the bedroom is not very big but good enough for sex.

The Lady:

Alexa has such a cute smile and is very much like the pics, maybe a couple of years older and a few lbs heavier although still very toned and firm, a fit girl. She has a lovely tan and is very soft to the touch.

The Story:

Based on her cuteness and some decent reviews I had high hopes for a good punt, but this was a very ordinary experience. She seemed preoccupied with her flatmate and when the 'action' started it was decent but nothing special. Kissing was nice but not great, OWO was average (the highlight of the punt was some handsfree OWO) and I came in cowgirl. We chatted and she came across as a sweet girl but not entirely committed to this 'job'.

Round two consisted of more of the same and I just let it happen, I wasn't in the mood to take the lead, especially after she refused my request for 69. She made a big deal about my "big cock" (I wish it were true) and used a bucket load of lube, nevertheless she is very tight. I jerked off and she took over leading to a CIM.

I don't want to be too critical of Alexa because she's a sweet girl but her service was too mechanical, she maintains control throughout. I nearly ran into her flatmate's punter as I left which is just unprofessional, much to the flatmate's amusement.
