The Premises:

Flat on the top floor of a townhouse situated on a no-through street very close to the Royal Lancaster Hotel. Parking could be a problem before 10pm but I found a vacant meter bay where I didn't have to pay. I felt quite safe but the paranoid could imagine the diners across the (narrow) street are watching their every move. She shares with Nina/Inga through whose bedroom you have to go to get to the shower. Could be awkward if Nina/Inga is busy.

The Lady:

A tall Russian girl who is even taller in her heels. Blonde, very slim with enhanced breasts. Good spoken English. Age is given as 26 which she said was correct.

The Story:

I usually only submit reports when the experience was either very good or very bad. With Greta my experience was 'good' but I felt driven in the interests of fairness, to submit an FR to try to redress doodlebugshitbag's very negative report number 77657.

I found myself visiting Greta on Barracuda's recommendation when my first two choices were not available. Had I had her photograph in front of me at the time I probably would not have accepted the offer as I have a 'thing' about enhanced breasts but leaving that personal idiosyncrasy aside my time with Greta was entirely enjoyable.

She entered into the spirit of it all wholeheartedly allowing me to access all areas. No too sure about anal penetration as that's not my thing. She came at least once (OK, she may have been acting but it was very good acting) and although she has a rather 'hard' look about her in the photos, in person she came across as friendly and eager to please. Of course I need to qualify this with the usual YMMV. At the end of the session she obliged me by helping me make a telephone call to Russia and I was very grateful to her for this.
