The Lady:

Photos are accurate. Very pretty young half spanish half oriental girl with nice olivey skin and a lovely slim body. Actually looks better in real life than on the Sexy Escorts London website

The Story:

Alisia goes by the name of Rosmarin on the agency I booked with (can't now remember who they were). She is a sexy looking girl with a very cute figure and pleasant enough. However, I personally didn't really connect with her and she seemed a little distant during the business. On the other hand, I guess there is no reason why a young girl should get much pleasure out of sex with a middle aged bloke ;-)

I probably won't go back as her lack of pleasure was a bit of a downer. However, I suspect if you are able to get her going, she could be a lot of fun.
