### The Story:

Greeted by Sally wearing fishnet hold ups, shown to room porno on tv in corner (did not notice this til i was on bed) Sally undressed me and kissed chest & nipples (a fetish of mine), she then took off her dress and left stockings on and carried on south til she woke up the "old pal" superb BBJ then Sally lay on bed for some reverse oral (another favourite of mine) talking filth as i worked on her button. more BBJ from her "what a technique" great eye contact and more filth when her mouth wasn't full (nearly lost it "yes she is that good") she straddled me but not for long as i was on the edge already finished with more fantastic oral with her telling me to cum in her mouth and over her face.

Don't know if it was what she did but there was loads.

My first visit to a lady and was nervous can not thank her enough would have liked to have lasted longer though.
