The Story:

Well I'm back on the scene again due to another relationship gone south. Thought I'd try one of those supposedly high class escorts to cheer me up rather than my usual parlour visits. This is not the girl I intended to see, I was going to see Jessica but she was unavailable. So back to Rosa, sounded OK on the phone although her English is a little rough round the edges, either way decided to give it a go. So she's obviously a beautiful girl but could she perform, well she mentions tantra in her profile so thought I'd try that to start and boy what a massage I got, certainly got me aroused in no time and knew just how to excite the little fellow without pushing me over the top. Tantra is certainly a different sort of massage and one well worth having. As for the rest of the encounter I must admit I thought the high class totty would not be doing the sort of things I normally go for but this lady actively encourages it and asks what you like to do and then DOES IT. So if your into OWO, CIM and good and hard doggy style this is one lady I can recommend. A bit pricey but she certainly does not seem to have any reservations, anal might even be on the menu although I never got round to asking. Might line this one up again for my usual Christmas treat.
