### The Premises:

Well known place but still often extra touches to surprise and make you smile - this time my favourite latte brought in by the girl, courtesy of Gabby.

Gabby listed who was there and I perhaps mistook a blink for a wink and chose Louise.

### The Lady:

Louise would not have been my obvious choice from looks, quite tall and well built with short brown hair.

But she was friendly from the first moment and actually has a nice face, smiley eyes, big, soft, rounded boobs and a pert bottom as well as a winning Liverpool accent which resurfaces the more she gets excited...

### The Story:

Had the best of times. Louise offered a real GFE and as it was unexpected it was all the more pleasurable. I would think she does what suits her with a particular client so for another punter or me another time it may be different but we both seemed to get on well with each other and were both full of compliments and gasps of delight with no request refused and nothing off limits - although I didn't try to take liberties.

We overran the time a bit for one reason or another and I look forward to seeing this surprise package of a lovely girl in the near future.
