The Premises:

The facilities are good. There are showers that work well, a sink with soaps, lotions and razors, amply bathrobes, huge towels. The lockers are very sturdy and really lock, and there are small black bags for valuables. The rooms are clean; this one had a mirror over the bed, an adjustable light, a UV lamp.

After a shower I robed and wandered through to the lounge. There were about eight girls on duty, and a fine collection. As I sipped my coffee, I found myself chatting to the girls (albeit a trifle nervously) and to the manager, sharing views about all the local saunas. I picked Vicky, as she was the most communicative.

The Lady:

She has a lot of natural charm, a sweetness of expression and manner that I really appreciate. She was wearing a black silky slip, quite revealing and although simple in the extreme the outfit was very inviting. She has recently rejoined the establishment, but working at weekends only. She showed me through to one of the rooms, equipped with Jacuzzi and all the paraphernalia one might need. She popped out briefly to log me in; I shuffled somewhat nervously around in the room- I still can't relax; perhaps the tension is an important part of the adventure.

Honey blonde, short hair, 5ft 9", slender, her body is slim and she wears a stud in her navel. Her breasts are absolutely gorgeous naturals, quite full and round, size 34 she told me.

The Story:

She appeared, kissing me softly on the lips. I realised then that she's a tall girl, about the same as me. We repeated this several times- amazingly tender as she has small lips- and I became aroused. I helped her off with her top. She's only 19, but very experienced in the profession. Then we moved to the bed and massaged each others' backs whilst engaging in a most delicious conversation about her huge range of activities and her previous career. Then I turned her over and massaged her front, which she loved. Her navel stud fluoresced in the rays of the UV lamp- that had me spooked for a second until I realised what was going on. She is such a darling, loves her job,

has a very relaxed and relaxing manner, and what a body! Long legs, with a perfect bum and a well-shaved and very neat pussy.

She played skilfully with my penis whilst I stimulated her pussy. We talked all the time. Then she offered oral, and did a very good job, indeed- so good that I came rather sooner than I had intended (isn't it always the case).

Then she offered another massage but I was all spent. However, there was no rush. We talked some more and dressed, then she kissed me good bye and I promised to visit again some time.

Vicky is an exceptional young woman, a total professional by the way, yet still only 19. Highly recommended, and able to cater for all tastes.
