The Story:

I was glad to see Daniella as I had only glimpsed her on my visit with Lisa reported on earlier. She remembered my face aswell..

In the room she stripped to bra and panties and looked very nice. Gave a good firm massage and then asked if I 'have anything else'

Well looking at her I said how about the lot and she said ?50.

She started giving me a covered bj, asking if she wasn't going too fast. Then she said 'is that enough or do you want a little more' {no need to answer that question to you is there}

She said 'what position do you like' so i asked for her to get on top, which we managed to for a while somehow on that small table. Then she asked me about comfort so we tried various differant positions, but i was slow cumming so we decided that a hand job would sort that out .

She was always concerned that you were enjoying the experience. And her body was absolutely fantastic. I asked her what she ate ,but she said 'nothing special' She is a great experience, See you soon D xxx
