The Premises:

Flat above shop in High Road, entrance via back service road which felt discreet but I imagine would feel unsafe at night. Inside was clean and nicely decorated.

The Lady:

Sasha's website photos are accurate, a pretty English blonde. Age I guess mid 20s. The pics don't really show here large boobs and nipples.

The Story:

My first visit here and can't say I was very impressed. I have been to many parlours and this was the first time the 'maid' was a man - made me feel quite uncomfortable as a smiling maid puts to rest any early nerves. Was shown to the bedroom and Abby and Sasha introduced themselves, then the 'maid' returned and barked 'Blonde or brunette?', leaving me to wonder what I had got myself into.

I chose Sasha and went for a full personal as I didn't fancy hanging around there for very long. After a quick massage, and a bit of unenthusiastic nipple licking by her, it was on with the condom for a bit of oral before finishing with sex in mish. Must say her oral skills were very good, lots of tongue and sexy eye contact.

Other than Sasha's looks, not much to recommend here. It was no more than a quickie and was not worth ?40. There are better girls out there.

Not sure if I would return here, the flat is fine but a maid should always be female in my opinion.
