The Story:

Wow! First time at this place and I was very impressed. It's clear they're here to help the fellas have a good time. I'd booked Ashley from looking on the website. She had tight black shorts on with a chunky belt and thigh length leather boots. Her boobs spilled out of a red blouse. This is a look I like.

She has a stud in her tongue - another good sign for me - and her oral is superb. She admits that she loves sucking cock and it shows. She really can work a penis. I wanted full sex so she rode me for a while - she was dynamic. We did mish and doggy before she wanked me off. Fantastic and I want to make this girl one of my regulars. As I was showering she changed into skimpy white shorts and boots - love this girl's outfits! She then gave me a tour of the premises, which are impressive and resemble a lap dancing club. You are encouraged to stay and hang out as if it is a nightclub. I think there are eight rooms in total, there was even a DVD of American Pie showing in my room. This place deserves business, and Ashley is a star.
