The Premises:

first time visit and pleasantly surprising

fairly easy to find and being located as it is loads of very convenient parking

the little cafe next dor could be a little off putting those of a real nervous dissposition but really if you have the nerve to go to any parlour you will not be put off by the locals

The Lady:

better than the web pictures and description

around 35 I would say, quite pretty, augmented breasts and shaven haven

lovely personallity and fun to talk to

The Story:

I saw this site and thought that the soap and suds would be fun for a change, they say its better than sex, well that's bullshit but it is still very good

started with a really good standard massage, lots of chat Oh and of course Abbie was naked

then onto the body to body moves in the suds, now this really is sensual

extras offered start at 20 for oral and 25 for sex but I just went for hand relief which is included

Abbie had me on my back all lathered up whilst she sat and laid astride me a littlte tit wank, then

she reversed into nearly 69 shoving her fanny onto my tounge,

this finished me off nicely thank you

not a GFE nor a PSE but Abbie says she wants to make a name for herself in this business, and she certainly is well on the path to do that , pay her a call and spread the word

Abbie thanks and next time be ready for a fucking
