The Premises:

Nice clean basement flat in quiet road off Kensington High Street with separate entrance. Lauren is very discrete and you are asked to call her once you are nearby for final directions.

The Lady:

Lauren is a very vivacious mature lady with enormous amounts of energy and character plus fantastic boobs. Great talker and will put anybody at their ease. She enjoys a glass of wine and a chat.

The Story:

As part of my survey of cocksuckers throughout Europe Lauren has to be up there in the Top 20. She prides herself not only on being able to recognise when you are near to coming and then prolonging the session but also on being a serial swallower. OWO is the main offering on a come twice basis and she is good at it. Most importantly Lauren is not a clockwatcher and providing she is enjoying you there are very few limitations.
