### The Premises:

Cosy bed-sit in a mansion block on the Edgware Road, an area that seems popular with WGs. Perfectly safe.

### The Lady:

Another tall, stunning oriental girl. Well mannered and softly spoken. She could even be Kasumi's twin sister! Very attractive. Very welcoming.

### The Story:

Yuki immediately put me at ease by engaging in some topical chitchat; had I bought all my Christmas presents, etc, etc. She mentioned that in her part of the world people traditionally give money in envelopes which was extremely fortuitous since I was able to give Yuki her Christmas present there and then.

It was a bitterly cold evening so to get my circulation going again she kindly gave me a long and extremely thorough assisted shower using copious amounts of liquid soap particular on my genital region and deep up the crack of my arse.

She dried me off and we went into the bedroom where I drew Yuki close, slid off her panties, removed her bra and then squeezed her pressing my hard and very clean cock into her belly. She smiled.

Taking care to switch off all her many mobile phones Yuki led me to the bed. There followed a GFE par excellence with lots of kissing. Her oral expertise is wonderful and when the it comes to 69 I only had to brush my tongue over her succulent labia to send involuntary shudders throughout her entire body which must have registered on the Richter scale.

She isn't one of those girls who create a lot of noise to boost your ego. The little cries and moans she makes seem very genuine. Her favourite position of the day was missionary although several others were tried. With her legs bent at the knee under my shoulders the natural elasticity of Yuki's body meant that I could go at it really hard, without too much effort on my part, until she climaxed.

Afterwards she thanked me saying what a release it had been. She really knows what a man likes to hear. So polite.

Her agency bills her as ?Japanese?. Indeed, during our pillow talk we did speak a few phrases in the language. Although I'm by no means fluent, Yuki?s delivery seemed confident and natural. However, nowadays I think she's a citizen of the world.

Like many other reviewers I will be back to see Yuki again.
