The Premises:

Unfortunatley I drew the small room which is small dark and dingy.

The Lady:

I was disapointed as soon as I saw her, but I'd pre booked after viewing the website, so felt ablidged to see it through.

Star is probably closer to 43 than the advertised 23

She looked like she'd been dragged through a hedge backwards.

I'd describe her as a very poor average, she could improve if she'd make some effort both with her attitude and appearence.

The Story:

I was disapointed after seeing her and did consider some extras to try and improve a bad punt, but opted for the basic to get it over as quick as possible, why waste more money.

It felt more of a punishment than a pleasure and a relief when I was getting dressed to leave.

She barely went through the motions needless to say I won't be seeing her again.

I have had some very good punts at Brooklyns, as can be seen in my other reports and I shall return to see the other girls.
