The Premises:

Been to the establishment several times, a rear exit accessed by metal staircase from rear car park.

The Lady:

Slim, brunette with blonde highlights, dressed in red basque and red high heels. Not overly friendly.

The Story:

Although she wasn't the type of girl I'd normally go for she turned out to be a right dirty sod. There was little in the way of talking, and I felt her smiles were false, but that didn't really matter. After a crap massage she turned me over and began giving me frantic owo as I fingered her deep. This went on for several minutes and I was struggling to hold back. She got off the bed, knelt on the floor and I sat on the edge of the bed. More deep throat until I erupted into her mouth, she didn't stop going till I was completely empty. She spat it into a tissue but the way she was coughing she had obviously swallowed more than she intended. Not a bad punt, though not really busty enough for me.
