The Premises:

Flat above a florists shop. Entrance is gained from a side street straight in to a reception area, where I was greeted by the madam of the house, unusually the door from the street is not locked and you can just walk in. Taken upstairs to meet the 2 available girls, out of the 3 that were working. Bedroom used was very small only having enough room for a small single bed, in contrast to the bathroom which was quite large having a double shower unit installed, on a plus point everything was very clean and tidy.

The Lady:

Very tall with huge very firm enhanced tits, not an extra once on her, stunning.

The Story:

Started with her giving me a massage which was not easy on the small narrow bed, and she explained that it was her first day working at this establishment and that she was more used to having high massage tables, but we managed. Then we switch and I gave her a massage starting with Nikki's back but soon getting her to roll over so that I could play with her huge boobs, my fingers straying now and then down to stroke her pussy, whilst she tried to play with my cock, but with our positions this was difficult for her. Then on down to lick her out, staying down below for a good 5 minutes before coming up for air. Then on with the condom for some oral, which was not brilliant, again partly due to the bed. Then Nikki swung her leg over and climbed aboard, riding my cock like a good'un. Finished with me exploding pussy during doggy.

Dressed and away with a good kiss both from Nikki and the madam of the house as I leave.
