The Premises:

Easy to find, Well signed, parked outside but that might be difficult at other times of the day. Friendly greeting from receptionist who explained what was on offer and then called the ladies to introduce themselves. Initial impressions were of a great, professional run place and I was not disappointed. Very clean, very upmarket and well presented. I had the choice of 4 lovely ladies and there was no wait to be seen.

The Lady:

Beautiful mid twenties with a fantastic figure. Professionally dressed in a white coat, this was quickly removed to reveal lovely lingerie. Bra came off immediately to reveal a beautiful pair of firm, well sized breasts. I later found she also had a shaven pussy.

The Story:

I had the 1 hour Soap Sud massage. Started with a twenty minute back massage, very enjoyable, then into the shower together. This was incredibly sensual and erotic, Ellie kissed and caressed and received the same. She then set up the bed in the large shower area, organised the bubbles and proceeded to give me the most fantastic body to body massage. Unbelievable experience. I choose to have oral and sex and we decided to do that in the wet area. The most incredible deep throat brought me to climax quickly, not Ellie's fault.

Overall a fantastic experience, a wonderful lady and even though I had agreed the extra for oral & full sex she refused to take more than the oral price, tht's a first!

I will visit Soft Touch and Ellie again and probably try another service although the sensation of her rubbing her body over mine in the bubbles would be hard to beat. 10 out of 10 and thanks Ellie. x
