The Premises:

Seen better. Typical basement flat in well known road. Old furniture in the bedroom but the bathroom hasnt seen a cleaner in quite a while.

The Lady:

bloody hell shes tall!!! well over 6ft. Great figure though and has a very pretty smile. Pics as per the web but they dont prepare you for her height. Would say she is 26 but with great firm breasts. Legs that go all the way up and up and up and shaved inbetween.

The Story:

Well. First thing that has to be said to get it out of the way is that she does not kiss at all. aarrghh!! I think she may have seen pretty woman one too many times. And this is an importanat part of the intimacy process that was missing for me unfortunatley.

Having said that, she gave great head until i exploded in her mouth, upon which she kept sucking and then went to the bathroom to freshen up.

Chilled for awhile talking. Her english is not bad after teh 3 months shes been here. Then she sensed that the general was ready for round 2 and some more OWO before on with the coat. Started with her on top then changed to mish for the finale.

Not a bad time at all, but wouldnt revisit due to the no kissing rule!
