The Story:

Well at exactly midday I walked out of my home and drove to Blackburn near Ewood with the speed restrictions near Tockholes had my punt and drove home and walked in at twenty past one which probably says enough.

In the old days I would have said it was a goodish punt with a raunchy lady in her mid to late twenties but after the delights I have had this year this was not in the samew league.

Smart house but did the business in her front room. She talked dirty and was raunchy but you wouldnt call it a gf experience. She seemd to love being fingered and come to orgasm but a bit mechanical. A quick bit of sucking without which was good and then on with the condom for what was a right good shag.

As i say this year has just been too good with the girls at Illusions and Sandys not to mention a couple of right good indies so for me i will probably not return but im going to recommend all the same as there r far worse out there
