The Lady:

Very petite, slim and quite pretty. About 45+ but in fantastic shape :-)

The Story:

Had pre-booked via email and gave her a bell as I came down to Gatwick (had an early flight) and she was with me within 30 minutes.

She's quite short, petite and has a lovely body. Small firm breasts with tiny nipples and dressed to seduce (I brought her a pair of gorgeous Gio stockings to wear).

A really good kisser. OWO was good but have had better. Sex in several positions was fantastic and being able to hold a normal ENGLISH conversation after was a nice change ;-)

Part from her being a smoker giving me a smoky taste for hours, this was really good VFM and an experience to repeat.
