The Story:

After entering room, she told me what she didnt do, i.e. OWO and anal, I usually go for OWO, so settle for O at ?50. Off she when to put her money safe and returned promptly. First thing she did was look at the clock. Stated with a reasonable back massage lasting about 5 mins, but went no further down than waist. Ask me to turn over and immediately started to rub the old man, I asked if she was going to remove ger clothes - only to be told i had only paid for oral, extra ?10 to remove clothes, so paid that she continued rubbing old man, see seemed totall diss-interested, looking a ceiling, looking at clock (many times) then spot on the 30 mins she sat up, said time was up cause she would get into trouble if she spent longer with me. Sat on the bed whilst i got dressed complaining that the other girl had given her client too much time
