The Premises:

Large Flat on the 3rd floor. Buzzer to get in, not too far from the tube.

The Lady:

Was probably the girl whose pictures are on the site, but they have been prettied up a LOT. I asked her to put on the dress she has on in the ad and she did, otherwise I would not have known! The girl I met was very slight, with very skinny arms bum and legs. She did have lovely firm tits.

The Story:

Although the flat was quite warm the girl kept wrapping herself up in a rug. She had very dark bags under her eyes and was very very tired. Her English was not great but I think she had been working all night. Not a great experience.
