The Premises:

A flat in a new development on the quayside. Discreet entrance. Clean, tidy and warm once inside.

The Lady:

Charlie is a slender lady with short brown hair. She has a couple of tatoos and a very sexy pierced tongue and belly button.

The Story:

After being let into the flat we went straight into the bedroom and embraced with a lovely snog. Charlie then helped me undress one item at a time until I was in my birthday suit. She let me finger her while we were kissing and then she moved down to suck my cock. The pierced tongue was lovely for this.

After a couple of minutes of this Charlie asked if I was ready for the condom and I was so on it went and Charlie went on top. This was lovely. The kissing continued while we had sex. We changed to missionary and doggy. Charlie is very accomodating.

I decided I wanted to cum in Charlie's mouth and she was happy for me to do this so off came the condom and Charlie started sucking me again. This took longer than usual so I ended up wanking myself off into Charlie's mouth where she happily took my cum. She discreetly spat it out into a tissue and then came back for a snog.

Charlie is a lovely lady and it actually felt like I was with someone who wanted to be with me rather than someone I was paying to be with me.
