The Premises:

Whispers is a parlour I have visited before with easy parking and a fairly quite entrance at the rear. rooms are clean and better furnished than moost

The Lady:

Well what can i say, this lady is a stunner, she is prob a size 8 with a great pair of 34b breasts (although i prefer bigger due to summers figure they looked bigger than a 34b with great nipples). She was dressed in a pair of knickers and bra

The Story:

I have visited whispers twice before and enjoyed it very much, they do seem to sepecialize in the bustier woman between mid 25s and 35s. When I got there I was greated by a lady who said that there was two ladys and one was free there and then, i asked who it was and she said a girl called summer, the other being herself, but she explained she was busy. due to time i decided not to wait for her and try summer (even though this lady, was a lot more my type- busty and mature). I was led into a room where i waited for nearly 20 mins (so much for ready) for summer to appear, when she did i have to say that this is a very sexy blonde lady with a perfect figure, i asked did she have any high heels/boots only for her to say know. she told me to lay on my back where i recieved the shortest back rum u could imagine, she then said while i was still soft, i will put a condom on u and suck u(straight away i thought this aint going well) nedless to say her oral skills wernt up to much so it was up to me to get me hard and ask her to take her underwear off. she had not been in the room 5 min and said so u gona go straight to it and sahg me, why not the rest wasnt that interesting. she is beutifully shaven and nice and tight. sadly nothing to interesting here so i finished myself and wished id give the ?50 away to someone who needed it. Basicly Summer is a nice girl to speak 2 with fantastic looks, but she does seem to want to rush and get it over, i think she is in the wrong job, with those looks try pole dancing as she isnt suited to this type of work
