The Premises:

High rd chadwell heath behind the shops is the entrance.
felt safe enough it was dark and no one was around. Parked at the corner and went up the stairs.

The Lady:

Tall 35 years old or near about ok looking although on the net she looks different. There was Abbey working there who i visited 4 years previous but wanted a little mature lady. She was not at all busty and spoke like she was high or something dont know maybe she thinks that was a turn on or something. There was a nicer lady on the dvd that was playing in the background.

The Story:

After waiting around 15 mins for her to show up. I got this lousy massage annoying waste of time u know with the talc or baby oil. all bull shit. she does kissing an extra 10 pounds but i got it in for free. Not very satisfying she wernt into it did not really like the experience. Should have visited Abbey again been 4 long years should go soon. Victoria is ok i guess but the experience was shit. I wont be returning again unless to see abbey or Lucy.
