The Lady:

I'm not sure it was the girl on the website ! Certainly her body looked nothing like it, not as leggy and more 'well built'. Quite attractive though, tanned (fake), shaven with okay tits.

The Story:

We just didn't hit it off. Peaches gets so many great reviews that I was sure I would have a great time but it wasn't to be. Her massage technique wasn't sensual (too heavy) and when she played with my balls it did nothing for me (I usually love this). After a few minutes of this I suggested reverse massage which she agreed to but was then completely unresponsive. In the end I opted for oral without but really struggled to get an erection. When I did eventually come she jumped back a mile and spat it out, not discreet and a turn off. Sorry if this sounds highly critical because I think she wasn't a bad lass but I'm still not convinced this was the 'real' Peaches. Unless the website pictures have been doctored to make her look taller and slimmer ?
