### The Premises:

Clean, warm apartment in a big new development just by the inner ringroad and just off Deansgate. Not completely easy to find in the dark but the CIC staff were patient and helpful.

### The Lady:

Ashley is a petite and attractive girl - accurately described on their website I'd say and currently not as blond as in the photos.

### The Story:

I would describe the experience as a good example of what one could expect from a Manchester escort hour. We started on the sofa with Ashley sat astride me kissing with lots of tongue action. Our clothes came off and the pleasure continued with her kneeling in front of me rubbing oil onto my dick and sucking me. We went through to the bedroom for some more owo, kissing and heavy petting before Ashley got on top and rode me. I thought about some changes of position but it felt so good with her bouncing on me that we carried on like that until I came.

Afterwards she made me a cuppa and we had a nice chat. She's an intelligent young woman and good company.

?150 for an escort hour is obviously more pricey than 2x services for ?100 (before extras) at SS, WFB or TWL but I had a good time and would certainly see Ashley again.
