The Lady:

Honey is a well proportioned size 10 with a couple of nice tattoos and the most amazingly naughty eyes. She is quite tall with very long legs. The pictures on the web site show her with slightly longer hair but the rest, as with all Maxes girls, is accurate.

The Story:

At the late (or early) hour I phoned I only had a choice of Honey and one other girl whose name escapes me. Honey arrived exactly on time and once the financials were completed, got straight down to action. She was extremely naughty and provided more of a PSE than GFE. At that time of night and with the amount I had drunk at a function earlier in the evening, it was just what the doctor ordered. I'm pretty sure I only experienced a small part of her impressive repertoire and wallet willing will be back soon. This is a girl who is very good at what she does, oh and she's definitely bi and uses escorts herself! We were able to compare notes and she suggested I try her and Isobel, from the same agency, together.
