The Premises:

Cathy's place is best described as a small dirty smelly pit. It is about 5 mins walk from the station and is at the rear of a house off a quiet street. I felt perfectly safe.

The Lady:

Cathy is a BBW around 35 years old with short blond hair and saggy breast. She was dressed in a grubby outfit and a filthy bra. She is not by any stretch of the imagination a "looker". However, she is very bubbly, friendly and has the perfect attitude and goes out of her way to please her clients.

The Story:

After the initial introductions I decided on the OWO and CIM option for ?20. Sex was on offer for ?30. I stripped from the waist down and sat on the sofa which could have done with a good clean but was the only option. She sat beside me and fondled away whilst I groped at her tits. There was a DVD playing so I at least had something to look at. She then went down on me and sucked away to her hearts content. This was surprisingly good and I was almost coming in seconds. I asked her to ease off to prolong the enjoyment which she was willing to do to give me the best possible experience rather than just get it over with. She then continued until I eventually exploded into her mouth. She then sucked me dry swallowing every last drop. After I cleaned up and went on my way. It's difficult to say if I would recommend her as I would probably not like anyone to know I had been anywhere near her to be truthful. However, she is very good at giving head and I did have a good cum and may go back if I'm in Norwich again.
