### The Premises:

Basement flat in very quiet street off Kensington High Street. Clean and attractive. You call Lauren when you are in the neighbourhood and she gives you final directions.

### The Lady:

Voluptuous lady in her 40s with a great personality and a superb ability to put you at ease. Very good talker.

### The Story:

Lauren's speciality is BBJ and not for nothing does she call herself a serial swallower! Her technique has to be rated amongst the best I know in London and other parts of the world I frequently visit. The sight and sensation of her large breasts caressing your balls as she applies her mouth to your cock is enough to make any man hard as steel.
