The Story:

Was in a real rush but very horny so having seen that this parlour, an old haunt from years back, had just reopened after refurbishment thought I'd give it a try. I do not use parlours at all but hey rules are for breaking and Eve turned out to be a great GFE fuck. Kissing. vigorous OWO and delightful rimming got me so hard I just had to fuck her from behind. On with condom and I starting pounding away managing to keep up a real good tempo for four/five minutes before Eve, who was moaning like a good un (pretty sure it was fake at this stage - but then I like a girl who tries to please!) said fuck me real hard mister, screw me so hard I come. Well I hardly needed encouraging so started to pound her as hard as I've ever pounded anyone really deep and fast with Eve yelling yeah yeah mister and then she suddenly tensed and screamed gripping my cock with her pussy which made me shoot my load in an instant. I was so out of breath but felt great.

To sum up a really great quick fuck from a lovely WG who handed me a drink and said I like a man who knows how to fuck a girl properly. A real gem.
