The Premises:

Small but presentable flat in safe and smart area of London. Discrete.

The Lady:

As per photographs but if anything, prettier in real life. 20 but looks younger. Very nice slim body. Lovely bottom and breasts.

The Story:

Vinsee (aka "Posh" on some websites and "Paris" on her own webpage at Cherry Girls) is South Korean, very friendly - almost giggly - and has only been working for three months. Her English is a lot better than my Korean, but still needs work.

Started with kissing, then reverse oral (immaculately clean and well presented) followed by mish and (brief) rear. A very cute and sexy girl. Almost too cute - if like me you have a staying power problem then she is definitely one to avoid ;-(

Highly recommended for the lover of pretty asian girls. 8/10
