### The Premises:

I live locally so wasn't a problem. I parked in the DIY car park and found Emma's apartment very easily. In the door, up the stairs and was soon inside. The room wasn't anything special but it was clean and tidy. There was a porn movie showing on a small tv and and porn mag available as well.

### The Lady:

Emma wasn't stunningly attractive but was very cute and very sexy. She was seemed to be a very nice girl and having been in the job only a few weeks seemed as nervous and unsure as me. She was dressed in stockings (my favourite) which helped my enjoyment of the session.

### The Story:

This was my first time with a working girl and I was nervous as hell but Emma was very sweet and I immediately felt at ease with her. Started off with a massage which was okay (Emma admitted she wasn't good at them beforehand) then onto some very pleasant kissing. I won't go in to detail as to what happened next suffice to say that I had a very enjoyable time. The session didn't last as long as I would have hoped but I'll put this down to me being her last appointment of the day (she stayed late to see me) and my inexperience with this type of encounter. Emma is a lovely girl and I'll definately be back for a (hopefully) longer session soon.
