The Premises:

Apartment in nice block; decent bathroom and spare but serviceable bedroom.

The Lady:

Georgia's photos are heavily Photoshopped to make her look younger. She is actually in her mid-twenties. Her skin tone is darker than shown and her skin isn't quite as tight. On this visit she wore heavy eye make-up. If you're going to get, really fussy, her teeth are a little imperfect.

However, she is still an attractive, petite girl with beautiful brown eyes and thick eyebrows. Small breasts with quite long nipples, and a completely shaven pussy with full (but not saggy) labia. Just don't expect her to be quite the schoolgirl type portrayed.

She wore a little black dress and mismatched underwear.

The Story:

The bad: Had to try to get into the apartment three times before finally meeting her. The first time I got into the block and knocked at the door, but received no answer even though I could hear movement inside. Agency handled this as well as they could, but she had clearly not been told to prepare for the agreed time, or had decided to ignore it.

When she finally let me in, there was clearly someone in another room in the flat who left once I was in the bedroom. Georgia explained this as her friend who she lived with to save rent - however, she later told me that she doesn't actually live in this flat. From the whispering before I was let in, I'm 99% sure that it was a man - either a boyfriend or a regular? There was a half-empty bottle of wine in the room as well, although I don't think Georgia had been drinking it.

After this very inauspicious start, Georgia asked if I wanted a shower, so I showered very quickly. On returning in a towel, she said that this was her first day. I'd seen her advertised on several agency sites before and she later clarified that it was her first day back after escorting for two weeks previously then going back home for a while.

Whatever the truth, she did act a bit nervous when we started some kissing. Initially she would barely open her mouth. After spending some time kissing her neck and ears, she began to kiss passionately, and with some gentle rubbing of her pussy she was clearly very turned on and was shaking with excitement. This was the moment that the punt started to become good.

I started to go down on her and she closed her legs, saying if I wanted to "kiss her there" it would "make her crazy". I spread her legs and began licking her and she reacted strongly, arching her back, grabbing my hands and nibbling one of my fingers.

I went down on her for a while until she seemed to relax, then asked her to suck me. She said "I kiss you with condom?" - not sure if this was a genuine question or a statement that she doesn't do OWO, but I let her rubber me up and she did a pretty good job, playing with my balls unprompted and allowing me to push her head up and down while she sucked quite hard.

After a while she started kissing up my body. I turned her onto her back again and entered her. Georgia has one of the tightest pussies I've experienced, on a par with the most petite oriental. At first I thought I wouldn't be able to fuck at all hard without hurting her, but she took a medium to fast pounding on her back (with legs back at times) quite well.

I asked her to turn over and she did so, laying flat as I entered her, which was amazing. She looked at herself in the mirror while I fucked her from behind and grabbed her shoulder.

Then I put her on her back again and gave her a good fucking while she moaned and ran her fingers over her lips, until I came into the condom. She said she had come twice.

Despite the bad start and her obvious untruths about why it happened, when it came to the sex Georgia delivered. Either she's genuinely horny or she's an accomplished actress. If she can be more professional about keeping appointment times, then she will go far.

Recommended if you want a GFE with a G who reaches orgasm easily. I suspect that she'd also be good at roleplaying an innocent. I would be in two minds about going back in case she was as flaky as when I booked her. If you're not too fussed about oral and want to fuck the cunt of a tight, enthusiastic girl then you could do a lot worse.
