The Story:

The extremely friendly and garrulous Rosa introduced the 2 available girls. I chose Luna because the other girl was very busty and I prefer the smaller figure. Luna also appeared to be more attractive although I only had seconds with each to decide. Just like the report 80484 I found Luna very quiet, in fact she didnt really say anything unless I did. Rosa explained that I could have 30 mins massage and full personal service for ?110 or 60 mins for ?160. As I had no way of knowing how good Luna would be I went for the poorer value 30 mins. Started off with a decent enough massage, could have been a bit firmer and she didnt get close enough for my liking to my groin. After about 10 mins she asked me to turn over and then used a baby wipe on my half erect cock. She then gave ne very nice OWO,by now I was fully erect. She told me to let her know if I was about to come, obviously to finish me off by hand. I had to tell her to slow down and I would have liked to see a bit more of what she was doing but her hair was in the way. I asked her to get naked, she was still in bra and pants and then I saw those lovely tits and had a little suck. Still no real response from Luna who was looking a bit like a cold fish. I asked her if I could kiss her and she told me to go to the bathroom and rinsed with the mouthwash. She hadnt got that near to my mouth at this point so I didnt take offence, she was just applying her high standards which she has every right to do. I did go and rinse which of course didn't do much for my erection. Anyway got back to the bed, and we had a little snog but she was not really into it. Told her to go back to the oral and didnt last much longer. She asked if I wanted sex but I thought I might come when the condom was put on so I told her to give me hand relief which she did very nicely and then cleaned me up. Twenty mins had passed so there was still 10 mins left. I started to get dressed and she said I still had time for more massage. So it was back to that, a little firmer this time. Hardly a word had been spoken up to now, so I thought I would make an effort, and talked to her about Prague. She responded nicely and became quite talkative. So, was it my fault for not talking from the start, or does she take time to relax, or, as I suspect, does she only relax when the deed is done? I am not

rich enough to find out, which is a shame, as she is drop dead gorgeous, I liked her, and her OWO was very good. However I will not risk another "cold" encounter. May well go to Mayfair Massage again and hope for a warmer person. Rosa knocks on the door when the time is up and it was dead on the 30 mins I would say. I had already started to get dressed so I think Luna was keeping an eye on the clock by the bed. To be honest I was pleased I didn't have another 30 mins to go. I will recommend this beauty because others may get her to respond more than I could.
