The Story:

Arrived was taken into the room. After sorting out the usual I was left to get undressed. Left my pants on as I wanted to let her do the final bit of undressing. She returned and I was allowed to slowly undress her until she was naked. I carressed and cuddled her and began getting very horny as I rubbed my body against her. She leaned over the bed bent down and I was able to rub myself against her bottom and caresse her boobs. I was getting really horny now. She turned and removed my pants and I lay face down to be carressed between my legs and have her rub her boobs up and down my back. She then turned me over and held my manhood in her hands and proceeded to play with me which had the desired effect. I tried to touch her between her legs but was not allowed to. I sucked her boobs instead which were full and with hard nipples. It was on with the condom and she took me in her mouth and sucked and tease me until I was hard and throbbing and ready to enter her. She lowered herself onto me and I held her boobs in my hands. I entered her and she was tight and I could not wait and came very quickly. I really must learn to control myself better. I would have loved some more time and I did feel a bit rushed but the end result was great as I pumped into her.

I will no doubt be back. Great value.
