The Premises:

Nice new apartment near the cricket ground. Clean, safe, and managed to park although construction work still going on.

The Lady:

Slim, black lady of about 30. About 5ft 7in, good figure, slightly marred by effects of being a mother, breasts a little pendulous, but immaculately dressed, well spoken and very welcoming.

The Story:

Arranged visit over the net, and i arrived on time! Honey welcomed me, offered me a coffee (and good too),chatted intelligently, and ushered me to the bedroom. I asked to take a shower and was taken to a beautiful new bathroom, great shower, good toiletries. And then it began! I've read about guys having a GFE, but this was my first. When i got back she was in the bed - no towel spread on top - no stupid time consuming massage. I climbed in and we started kissing and groping etc - she'd even left her knickers on for me to take off! The OWO was great, she's responsive and sensitive to what the customer wants. The sex was a real pleasure. All in all, just about the best punt i've ever had, after virtually giving it up after so many mechanical experiences. A definite revisit experience.
