The Premises:

A nice little house on the north side of town. Very safe and discreet.

The Lady:

About 5ft 3ins high and size 10, I would say. Slim but with curves in all the right places. Amy is the "Girl Nextdoor" type rather than pornstar and she gives a superb GFE service. She has lovely soft boobs which are all natural and very sensitive to the touch(which I did a lot of!). Everything you see on Amy's website is accurate and the pictures are a true reflection of her. Personally, I think that she is even better in the flesh.

She's a well travelled and intelligent woman who is a pleasure to talk to.

The Story:

Finally, after years of looking, now there's a really excellent escort working in Scarborough who I can genuinely recommend to others.

After some initial confusion when I arrived (my mistake - I had been looking at another girl's website and was expecting a busty blonde) things rapidly improved. Amy offered me a nice cup of tea and we sat and chatted for a few minutes to break the ice. It quickly became apparent that despite my initial surprise at her long black hair, this girl is something special and that I was doing the right thing by staying.

Then we went up to the bedroom which was nice and cosy. We started off with some soft kissing and after a few minutes of this when both of us were getting pretty hot, undressed each other. I couldn't wait to get my hands on her boobs which are fabulous and very sensitive to the touch. Amy is very passionate and seemed to really enjoy everything that we did together. I then move down to her clit and gave her a good licking out, which resulted in a very loud orgasm (apologies to the neighbours!) Then it was my turn, starting with superb OWO, she really is an expert in this department, then on with the condom leading to sex in several positions. She seems to like doggy best, that's fine by me and resulted in a very happy ending.

Afterwards we just lay together for several minutes, kissing and caressing each other and gradually cooling down - heavenly.

This girl has really chosen the right career, she's brilliant at what she does and seems to enjoy it too. She has the remarkable knack of making you feel special, even though you know you are just

one of her many clients.

I'll definitely be seeing Amy again, as soon as I can.(I already have once) If you want the best GFE ever, go and see her if you can, you certainly will not regret it.
