The Premises:

Clean and tidy room in an apartment block near Gloucester Road tube station. Seemed to belong to someone else given the DVD collection which was all in English. There is a reception at the entrance but there was nobody manning it so I could enter unobserved.

The Lady:

Quite an attractive young lady - pretty much what you see from her pictures. She does have a noticable scar on her stomach from what I assume was a cesarean birth. She has a fairly deep overall fake tan (which I don't personally like) and what I think are enhanced breasts. One or two small (discrete) tatooes and a pierced clit. Her English is not too good. She claims to be from Latvia but I'm really not so sure.

The Story:

Unfortunately Sonya is the sort of girl who really doesn't want to be in this line of work. She is a pleasant girl and she did make some effort to please but she kissed very lightly indeed or tried to turn her head away if she could. There was no air of sensuality about her and the whole experience was one of a business transaction. I'm not saying she was cold or unpleasant but she was distant and clearly not into her work in anyway. I had a shower and she gave me a massage but given the vibes she was giving out I wasn't getting aroused at all. It ended up with me giving her a massage and trying to engage her in some smalltalk which she did respond to and we talked about her life as best we could given her lack of English and my lack of whatever her native tongue is. I'd almost given up the whole experience as a rightoff as far as sex went and was considering calling it quits and leaving early. After a while she asked me to lie down and she proceeded to give a me OWO (after cleaning my cock with a wipe). I did start to get hard and she put a condom on and asked how I wanted it. We started with her on top and proceeded to mish and then doggy with me standing at the end of the bed. During sex she was saying "oh yes baby" type false impressions of enjoyment. I did cum and then she gave me a massage to warm down with some more smalltalk. I had another shower and left.

All-in-all a pretty uninspring experience for both of us. She is quite an attractive girl with a nice body and face and she is a pleasant person but her heart really isn't in it and she had no talent for giving

me a memorable sexual experience. It's possible that we just didn't click and she may be better with others but frankly I doubt it. 150 quid is too much for this sort of experience and I've noticed she is 200 on at least 2 other agency sites. Sorry but I can't recommend and I certainly won't be back.
