The Story:

Chanel made me feel welcome straight away, felt like i'd known her for years even though we'd only just met. Chatted briefly then she got me a drink and told me to get comfortable. She put on a CD (Pussycat Dolls-great album!) Laid on lovely bed and had very relaxing massage while she asked things that i like to do sexually and what she likes. Then i turned over and she gave me some lovely oral which got me really hot before she put a condom on and we went for it slow and grinding missionary while i looked into those eyes. Chanel switched into porn star mode here which was awesome. Afterwards we chatted a bit more before i paid her, kissed her then promised to return.
