The Story:

Started with enthusiastic snogging, then she groped in my trousers - always does it for me. As a previous poster remarked, she is quite keen on teabagging and rimming - quite nice and certainly gets you going. She was soon giving me a very competent owo, so I gave her a good tongueing as well - very nice labia and prominent clitoris - she came quite vocally in the end. On to the main event. We shagged missionary, then doggie [full length and no wincing] and finally off with the condom for a combined cim and facial. She was giggling as we cleaned up. If you're in Luton, give her a try - great fun.
