### The Premises:

The location is a private flat near to Catford Bridge Station behind some shops and is very discreet.

### The Lady:

Alice is a mature, Chinese lady. She is around a dress size 12 and has a great figure for her age. She looked like a business woman with her specs on. The room looked like a medics office with anatomy charts on the walls.

### The Story:

Although Alice does offer sex as a service, I chose the massage/relief service. The massage was very rigorous and at times a wee bit painful. There was no attempt to get me in the mood with stroking or caressing, but I had a mental image of her ample breasts in my mind to keep me in the mood for the finale. When I turned round Alice removed her top and then bra which revealed a really sexy pair of C cup breasts. (breastimation!) They were great to touch and suck and I also squeezed her sexy bum. She stroked me to a really forceful orgasm and I thought that was it, but she continued with the massage and at one point, I could feel myself getting aroused again and could have had a second round.

I will definitely come back because it is a handy location and because of those lovely breasts.
