The Premises:

Clean flat, powerful shower, acceptable bars and restaurants nearby, close to tube. No idea about parking, probably a fucking nightmare.

The Lady:

Both size twelve, one peroxide blonde the other raven headed, both girls have large breasts and are pretty in their own way, to say one is better the other would be meaningless. Neither are perfect but then god, you ain't seen me.

The Story:

Had seen Lucy before but got carried away and asked for her mate Katie to join us. Not sure what to say really, no point going on about it. Fully into each other, great kissers, both do effortless deep throat. Funny, charming (even if their English is limited), sensual ladies. There is an old(ish) report on here re the same girls that gives them a terrible account. So maybe I was lucky, maybe I was kind and respectful, maybe they thought I was Hollywood a star (the door man welcomed me as Mr De Vito, so who knows).
