The Premises:

Small flat in a Victorian terrace. The flat itself was grimy and unkempt. The bed had a sparse looking sheet draped over it and nothing else.

The Lady:

Altho Camila is a beautiful woman, she doesn't convey the impression in the flesh which her website photo's communicate of her. On-line she looks wide-eyed, Latin and fun. In real-life she's smiley, Hungarian and reserved. Nevertheless, she's beautiful with a full figure and a lovely pair of tits which she doesn't like you to kiss cos her nipples are sensitive.

The Story:

Camila explained from the outset that her English wasn't good ? but we got on fine enough. When I got back to the bedroom after the solo shower I was surprised to see Camela sitting on the bed still dressed in her regular clothes. I could see that she wasn't one to take the initiative.

Kissing was off the menu because, she says, of my licking out her pussy. Her BJ was covered and mainly consisted of rapidly lapping the tip of my cock with her tongue whilst working my shaft with her hand. The total opposite of DT and probably one of the worst BJ's I've had. Later on she gave me a vigorous HJ - so vigorous in fact that it hurt. I had to show her how to concentrate on the tip of my cock, but she still gave my shaft an energetic seeing to!

Once we got more into the punt we got more conversational. She evidently doesn't like London. She didn't really put herself into the punt, alto we had a pleasant enough hour together. Her inexperience was evident throughout.

I don't think she'll remain a WG for long, nor will she stay in London for much longer.
