The Premises:

Private house on eastern side of Portsmouth. Nicely decorated inside. Appeared to be a reasonable part of town. Parking is on the street which could be a problem as it appeared to be a busy street but managed to park ok.

When booking Victoria will guide you to a street just off a main road and give you directions to her address which is nearby.

The Lady:

Mid 30's, red haired lady with real curves. Website says a size 12 dress size which appeared accurate.

The Story:

Arrived a bit earlier than the appointed time. As I had left home about half 5 in the morning and spent the day around the new forest I was in need of a wash and brush up to feel more human and also had a splitting headache through dehydration.

What followed made the headache disappear in a haze of pleasure (perhaps with a couple of anadin also helping).

From the off this was a full on passionate encounter and as near to the mythical(?) GFE as you are likely to get. Once undressed it was straight into passionate snogging before Victoria moved down below to, as she put it making love to the penis which she did with tremendous skill especially by hand. In fact Victoria gave me the best hand job I can recall from a woman. This carried on until I came in her mouth.

After a short rest I then gave Victoria some attention with hands and mouth which she enjoyed coming twice as far as I could tell. As I'd become stiff again below we then had sex with Victoria on top and in mish which I found I was flagging a bit but with some more encouragement from hand and mouth from Victoria managed to come again in some volume that surprised me.

I had a wholly superb time with Victoria. She may not be the best looking lady around but is by no means unattractive. What stood out for me was that Victoria is a tremendously sensual natural woman with a wholly professional attitude to her work but not to the detriment of having a good time. In the end I spent a little over over 2 hours with her which included showering before and after. While getting dressed she laid on bed playing with herself which was a bit offputting when trying to untangle my shirt. She does have another outside job that she fits escorting around which may go some way to this feeling like a really natural time we had together.

If you want to see gorgeous model type girls don't book Victoria. If you want to have a good time with a sensual and horny woman intent on enjoying herself and making sure you do too then do so. I just wish it wasn't so far to get to!
