The Lady:

Without doubt the girl on the website, but I must say that if you like them slim this is not the girl for you. There are four photos on the website which have certainly been touched up. None of them show Saskia's stomach, which has a few rolls of fat. The site also claims she is 24, which is almost certainly not true considering she told me that she moved to London 8 years ago. I would guess about 27/28. Not a bad looking girl if you like brunettes though.

The Story:

Arrived spot on time, correctly pointing out that the hotel room was very hot. Chatted with our heads out of the window for a bit, before she stripped down to her underwear and gave me a massage on the bed. Came prepared for this with body lotion. After that, I unfortunately managed to accidentally catch her in the chin with my knee. I'm sure some people would've gone nuts, but she accepted my apology with good humour. I did feel really bad though as it was quite a knock I gave her. Had sex in a couple of positions after that, which was pretty good.

Saskia speaks perfect English and is eager to please.
