The Premises:

Brooklyns has two rooms, one very large (with en-suite shower), one rather smaller (without en-suite). The smaller room is the cozier when the weather's cold. Both rooms are clean and well furnished. The rather public WC is in the kitchenette, which isn't ideal. The manageress is generally helpful.

The Lady:

Francesca is an attractive sexy brunette in her mid thirties. She has a nice figure with 36d bust and a convincing tan. She is brand new to the business, and seems to be taking to it. She was having a baptism of fire; I saw her five days after she had started, by which time she was on her fifth consecutive day on the job!

The Story:

It is always interesting to be with a thirty-something who is just starting in the game, as she will have a lifetime of sexual experience but only a few hours as a paid hooker. One wonders, after such ladies after some "Belle de Jour" kicks, a stash of cash, or just lots of sex with no questions asked?

Francesca did not disappoint, although she still needs time to blossom. She kisses, but not deeply; and although willing, she is a little awkward. She knew what to do, but seemed a little unimaginative, and she needed to be led. Also, surprisingly, she was already a bit of a clock-watcher, and did not hang around afterwards for post-coital chat and cuddling.

Before long, she should be in her prime; and provide she doesn't become jaded, she should be a reliable bet for the punter who likes a mature woman. I shall revisit her in a month or so to see how she has developed!
