The Premises:

many reports on this place, it is very clean and nicely run, fairly easy to find, but be careful if you are using the carpark as it is rather tight. Felt very secure.

The Lady:

Not great with sizes but she was blond with curly hair, probably 5'6 ish? slim but not skinny, the best smile that you will ever see, felt like a mate after 30 seconds or so, then I guess you want to know about her bits..... well when the bra came off I was presented with the best boobs that I have ever seen (nearly said come across but I didn't) and her bum was every bit as nice, well tanned.

The Story:

Well this time I opted for the water room, but this did not come into play until after a light but relaxing massage, this was followed by some oral (covered as are all activities here I believe) and then she climbed on board and we had a nice slow session (just the way I needed it today), she is either a very good actor or she enjoyed it as much as I did.

On that point I have read some reviews lately that say why should we care what the girl feels, they are there for our pleasure, sorry guys but in my experience if you treat the girls with some respect you generally will get more value for money and a warm reception the next time you see them, so I shall continue to treat them nice....

After we finished we took our time in having a shared shower with a bit more of a run in some nice places and then towelled off and I was on my way feeling very relaxed and happy.

Cannot wait for my next trip when we will have longer to explore.....
